**A GOOD LETTER.**

From the Clerk of the Circuit Court.  
**PIERNADINA, Fla., Feb. 23, 1898.**  
Mr. J. George Suhr, Druggist, City.  
DEAR GEORGE:—Please send me a  
bottle of Chamberlain's Cough Remedy.  
I would not feel easy if I knew  
that I was one of this terrible Rem-  
edy in the house. I have given it to  
myself and consider it one of the very best  
remedies for croup that I have ever  
found. One dose has always been suf-  
ficient, although I use it freely. Any-  
body who has children contract yields  
very readily to this medicine. I can  
conscientiously recommend it for croup and  
colds in children.

Yours respectfully,  
**GEORGE E. WOLFF.**  
Sold by druggists.

**The Features of the Money and Stock Markets.**

**NEW YORK, Feb. 7.**—Money on call  
easy at 1½ per cent; last loan 1½  
percent. Prime mercantile paper 3/4 per  
cent. Sterling exchange strong with  
actual business in bankers' bills at  
\$4 83 1/4 @ 85 1/4 for demand and at \$4 83 1/4 @ 83 1/4 for 60 days. Posted rates \$4 83 1/4 @ 85. Commercial bills at \$4 82 1/4 @ 84. Silver certificates 56 1/2 @ 57 1/4. Bar sil-  
ver 155 1/2 @ 156. American clearing-  
house certificates 100 @ 100 1/4.

To-day's market for stocks suffered  
from the burden of realizing sales and  
from bear pressure due to the recur-  
rence of the Cuban scare. There  
were special elements of weakness in  
addition. The Union Pacific securities  
were heavy on account of the an-  
nounced determination of the govern-  
ment to operate the Kansas Pacific  
under the coal trust and to seek to pos-  
sess the bulk of that property. The  
Kansas Pacific consols opened off 2 1/2  
per cent. on the strength of this, but  
the buying at the decline was heavy and  
aggressive, and reassuring reports were  
given out that this security was not  
likely to be deprived of its right of ex-  
change with the reorganized Union Pa-  
cific securities. This apparently failed  
to rally the stocks of the company and  
they fell hereon all day, the reaction  
going off at one time 1 1/2, and the com-  
mon point. Missouri Pacific showed a  
recurrence of its recent weakness and  
declined at one time a point below Sat-  
urday's close. Lake Shore, New York  
Central, Northern Pacific preferred and  
other recent favorites showed the ef-  
fects of a continuation of profit takings  
by the coal trust and the grangers were  
the main heavy buyers. Norfolk and  
Western preferred, Northwest preferred showed  
a gain of 3/4 over the last transaction.  
Quite a number of stocks showed gains  
at the opening, but as a rule subsequent  
declines wiped them all out. A few  
stocks were conspicuous for very vig-  
orous amounts. This was notably the  
case with Metropolitan Street Railway,  
which was at one time 5 1/4 above Sat-  
urday's close, but which reacted 1 1/2  
Norfolk & Western preferred was quite  
strong all day and advanced at one  
time 3 1/2, reacting a fraction on profit  
takings. Michigan Central also re-  
covered its interrupted advance and  
was 3 1/4 higher for the day.

There were some sharp gains also  
in the usually inactive high priced securi-  
ties. The coal trust had a restricted con-  
dition of the local corporations was  
noticeable in the closing dealings.

Although the stock market was not  
lacking in activity and interest, the  
bond department continued to absorb  
a large share of attention and to show  
strength. There was some five separate  
single transactions in blocks of a  
par value of \$100,000 or over. Three of  
these were in the Union Pacific con-  
sols, the total dealings in which footed up  
for the day \$1,697,000. The recovery in  
Kansas Pacific consols to 110 1/2 brought  
about a block of \$100,000 which was taken  
up by one dealer. There was a \$125,000  
block of the new Union Pacific 4s sold  
during the day. Norfolk & Western  
consols were active and strong. Nu-  
merous sharp gains are recorded al-  
though the bond list. Total sales \$8,  
559,000.

U. S. new 4s were 1/4 higher bid; U. S.  
6s were 1/4 higher.

The total sales of stocks to-day were  
\$21,000 shares.

Evening Post's London cablegram:  
The stock markets were quiet and  
featureless to-day generally, pending  
the settlement in carry-over mines. The  
market was steady. Activity was con-  
centrated in Americans, Grand Trunks and  
Argentines. The feature in the first  
named was Norfolk & Western pre-  
ferred.

starting at 92¢@95½¢. Liverpool showed a 4½¢ advance at 1:30 p. m. Besides this, the world's shipments showed a considerable falling off, the total for last week being 5,514,000 bushels, compared with 7,545,000 bushels the week previous. American crops which helped in the opening firmness was the strong cargo market at London, a sale of Oregon wheat being reported at the equivalent of 11 16½¢ a bushel. Liverpool warehouse stocks also showed a reduction of 150,000 bushels for the week. News bearing of the future crops here and in foreign countries was so favorable that a selling movement started almost immediately after the opening and the pressure finally became so hard that the market for some time lost all appearance of strength. May dropped to 95½¢ in a few minutes and though sea-war reports of a good foreign inquiry caused a few of the more timid shorts to cover, which helped the May price back to 94½¢, the price dropped immediately after this demand was satisfied, this time going to 94½¢. California reported an abundance of much needed rain. Indian crop prospects reported as unfavorable Saturday were said to be splendid to-day and Australia, it was said, would have more wheat for export than anticipated. Rosario cables stated that both receipts and shipments of Argentine wheat were increasing. Besides all this, the northwest receipts were heavy. Minneapolis and Duluth reported 660 cars against 487 last week and 611 a year ago. Chicago receipts were 93 cars, eight of which were for contract quality. The available supply decreased 550,000, about as expected. For two hours the May price hung around the bottom, the dullness being varied occasionally by some buying against puts. Then the Leiter brothers appeared and commenced buying at around 94½¢. They had made a show of supporting the market around the opening, but the feeling at that time was so unanimously bearish that they soon quit. This time their bidding coupled with the fact that prices were a "put" figures soon turned the market toward higher prices. Late in the session shorts became apprehensive of the gradually increasing strength and many traders who had sold early in the session bought back their lines. May had previously advanced to 94½¢, but this fresh support carried prices up to 94½¢, where it closed with buyers at that figure.

Increased country offerings and western selling were the features in the corn market. The tendency during the early part of the session was down but toward the close the rally in wheat and strength of provisions caused prices to recover. Shorts were the best buyers; May ranged from 29½¢ to 28½¢ and closed unchanged at 29½¢.

Oats were fairly active. The market was weak and lower early, due to quite general selling and the break in wheat. When the latter market rallied early, short sellers covered and the oats market became quiet. For two hours the May price ranged from 24½¢ to 23½¢@23½¢ and closed ¼¢ higher at 24½¢.

Provisions were fairly active and strong and prices reached new levels. Higher yard prices were responsible for a firm and higher opening in provisions. This induced considerable realizing and part of the advance was lost but late in the morning buying movement set in which carried prices quickly upward. The close was strong at nearly outside figures. May pork 12½¢ higher at \$10.40; May lard 10¢ higher at \$5.02½; and May ribs 5¢ higher at \$5.12½.

Estimated receipts Tuesday:  
Wheat 82 cars; corn 670 cars; oats 32 cars; hogs 20,000 head.

**Live Stock.**

**CHICAGO**—The average offerings of cattle to-day were not especially good in quality and droves that were fat and choice sold quickly at strong prices. Beeves good enough to sell at \$4 75 and up showed more strength, but lots that sold under that figure were barely steady, there being a great abundance of such offerings. Sales were largely at \$4 25 to \$5 10, the commonest lots of dressed beef steers selling at \$3 90 to \$4 20, while a carload of 1,403 pound steers brought \$3 45. Exporters took lots very well and there was a fair demand for cattle to ship back to the country to fatten. There was no particular change in stockers and feeders, prices ranging from \$3 40 to \$4 50, but choice and common cattle were in the usual demand at recent quotations. There was an active local and shipping demand for hogs and prices were strong from the opening, with sales largely 2½¢ higher than at the close last week. The extreme range of prices for common to prime droves of hogs was \$3 70 to \$4 02½, the bulk of the hogs going for \$3 57½ to \$3 7½, while pigs sold largely at \$3 25 to \$3 55, common pigs selling as low as \$3 25. The late market was easier. The heavy supply of sheep and lambs naturally caused a weaker market and prices averaged 10¢ lower, trade being slower than usual. Sheep were salable at \$3 20 to \$3 50 for the poorest lots up to \$4 50 to \$4 60 for strictly choice. Yearlings sold at \$4 60 to \$5 40 and lambs were wanted at \$4 50 to \$5 75, few selling below \$3 25 to \$3 50. Receipts, cattle 18,500 head; hogs 35,000 head; sheep 27,000 head.

**EAST LIBERTY**—Cattle a shade higher; prime \$4 90 to \$5 00; common \$3 50 to \$3 65; bulls, stags and cows \$2 00 to \$4 00. Hogs fairly active; prime assorted medium weights \$4 20 to \$5; best Yorkers \$4 10 to \$4 15; heavy hogs \$4 00 to \$4 10; pigs \$3 80 to \$4 00; good roughs \$3 25 to \$3 55. Common to fair roughs \$2 50 to \$3 00. Sheep active and higher; choice \$4 80 to \$5 40; common \$3 30 to \$3 55; choice lambs \$3 50 to \$5; common to good \$4 75 to \$5 70. Fat calves \$7 00 to \$7 40.

**Dry Goods.**

**NEW YORK**—The opening of trade in the dry goods held was featureless to-day but generally auspicious. There was a fair percentage of buyers present and they seemed to take hold of goods at second hand with considerable vim. Jobbers, in fact, have had less cause to complain since the first of the year. The extent of trading in the jobbing houses has steadily increased. Reports to-day from out of town jobbing and final markets have been of fair business in all lines. Print cloths are unchanged at 23-16c for 64 square extras.

**Metals.**

**NEW YORK**—Pig iron warrants very dull at \$5 40 bid and \$6 60 asked. Lake copper quiet but steady at \$10 95 to \$11 00. Tin quiet but firm at \$13 95 to \$13 97½. Spelter quiet at \$4 00 to \$4 10. Lead steady at \$3 62½ to \$3 67½. The brokered wire firm that fixes the settling price for miners and smelters quotes lead at \$3 45.

**Petroleum.**

**OIL CITY**—Credit balances 65c; certificates opened, no quotations. During the day there were sales of cash oil at 66¢ and 67½¢. Closed with sales of regular delivery oil at 68c. Shipments 55,423 barrels; runs 112,445 barrels.

**Wool.**

**NEW YORK**—Wool quiet.

**CURES** croup, sore throat, pulmonary troubles—Monarch over pain of every sort. Dr. Thomas' Electric Oil.

Letter interests have on wheat trading was well illustrated to-day. Notwithstanding news that under ordinary circumstances would be sufficient to break prices very sharply, wheat declined only  $\frac{1}{8}$ ¢ and when Letter brokers started to bid, a general covering movement ensued which carried prices back to within  $\frac{1}{8}$ ¢ of Saturday's final figures. Corn closed unchanged, Oats added  $\frac{1}{8}$ ¢ to the former price and provisions advanced  $\frac{1}{16}$ ¢.

Chiefly on account of an early display of strength at Liverpool, opening bid for May wheat were at figures a shade above Saturday's closing prices, May
